

Quality Policy

Experience Pont, Aurell y Armengol

Our future lies in maintaining our position as experts in the production of non-woven fabrics for the automotive industry, forging a stable horizon for the Organization and promoting internationalization that allows us to extend our service.

Objectives Pont, Aurell y Armengol

The main objective of Pont, Aurell y Armengol is to create and deliver high quality products and services on time and at the lowest cost. This positively affects the competitiveness of our customer and creates value for our employees and collaborators.

For it, we must ensure compliance with the customer's requirements and with the legal and regulatory aspects of the product, as well as current legislation on the environment, health and safety.

The General Management is committed to provide human, technical and organizational resources to:

- Improve continuously the effectiveness of the Quality Management System and all the processes that interact in it.
- Improve continuously environmental efficiency and occupational safety and health.

Mission and Principles Pont, Aurell y Armengol

Customer Satisfaction is our goal.

Our commitment is to create an environment where the fundamental factors are the motivation of the staff and their active participation in the continuous improvement, as well as the preservation of health, safety and environment.

The main focus is to maintain the highest level of competence of the personnel through continuous training, informing all the personnel of the Organization about the running of the Quality Management System.

The General Management is committed to define Quality Objectives consistent with this Policy and periodically reviewing the system to ensure its effectiveness.

The guidelines for action that emerge from the Quality Policy are reflected in the Quality Manual.
