# Environment Policy

## **Environment Pont, Aurell y Armengol**

Commitment to develop and implement an Environmental Management system to control and minimize the environmental impact of our activity.

Commitment to involve, train and hold responsible the people who integrate the Organization so that they respect, share and apply the Environmental Management System, be they workers, suppliers or subcontractors.

## **Objectives Pont, Aurell y Armengol**

The General Management undertakes to define Environmental Objectives consistent with this Policy and to periodically review the system to guarantee its effectiveness.

For this, all significant environmental aspects and their impacts must be taken into account from a life cycle perspective.

## **Protection Pont, Aurell y Armengol**

Promote the development of activities to cause the minimum environmental impact, as well as prevent, control and minimize the risks of environmental contamination that our activity generates on its environment.

Carry out a responsible consumption of natural resources, reduce the generation of waste and reduce the use of dangerous products.

## **Compliance Pont, Aurell y Armengol**

Comply with the Environmental Legislation and Regulation applicable to the activities, products and services, as well as other commitments that the company subscribes voluntarily.

## **Continuous Improvement Pont, Aurell y Armengol**

The General Management is committed to providing the human, technical and organizational resources to continuously improve the effectiveness of the Environmental Management System and all the processes that interact with it, aimed at reducing the environmental impact of our operations.

The guidelines for action that emerge from the Environment Policy are reflected in the Quality Manual.
